

# Somogyi<sup>2012</sup> Award

To pay tribute to the outstanding achievements of Michael Somogyi (1883-1971), the Hungarian Diabetes Association established the international SOMOGYI AWARD in 2002. The award is given in relation to research – clinical or experimental – for the better understanding of hypoglycemia in diabetic patients.

The 2012 Somogyi Award (diploma with a honorarium) will be handed over at the biannual meeting of the Association (Tihany, lake Balaton, 12-15 April 2012). The winner is asked to present a lecture, participate in the Meet the Expert session and write a concise review (to be published in *Diabetologia Hungarica*) based on the award lecture.

Applications (including CV, list of publications and reprints of the most prestigious original publications in the field of hypoglycemia in diabetes) should be sent to the president of the Hungarian Diabetes Association with a deadline of 31 October 2011).

The recipient of the 2012 award will be selected from the applicants by the executive board of the Association by 30 November 2011.

Previous awardees included

Brian FRIER (UK)  
Geremia BOLLI (Italy)  
Simon HELLER (UK)
