PROGRAM

PROGRAM

On April 5, 2024 a preconference related to the European Congress of Psychiatry (EPA) conference at Saint John's Central Hospital Budapest will be organized. The presentations will provide an opportunity to gain insight into the work of European perinatal centres, international experience and recent research results.

The conference is co-organised by EPA Women's Mental Health Section, Buda Family Centred Mental Health Centre, Pediatric, Premature and Infant Department, and the Obstetric and Gynaecology Department of Saint John's Central Hospital.

At the end of the preconference, participants will have the opportunity to join a guided tour at the Baby-Mother-Father Units of Saint John's Central Hospital.

*The presentations will be held in English

SPEAKERS

1

Dr. Angelika Wieck: Recent developments in perinatal mental health services in England

2

Prof. Dr. Anne-Laure Sutter-Dallay: What about pathways to joint cares in perinatal psychiatry in France ?

3

Dr. Annemarie Unger: Perinatal Ward and Outpatient Clinic experiences in Austria

4

Prof. Dr. Tamás Kurimay: Experiences of the past 18 years of the Baby-Mother-Father Unit in Saint John's Hospital

5

Dr. Vera Tory: Baby-Mother Consultation in the Baby-Mother-Father Unit in Saint John's Hospital

6

Dr. Lilla Pepó: Baby-Mother-Father Unit in Saint John's Hospital: Obstetrician and Gynecological aspects

7

Ildikó Danis, Ph.D.: Planning a scientific follow-up study of perinatal mental health care in the context of population-based research

Participation is free of charge, but registration is required and can be made by sending an e-mail to:
